Protests based upon the content of this Request for Proposals shall be filed in writing with Michael Tree, LAVTA Executive Director, within five (5) calendar days after the Request for Proposals is first advertised. The protest must clearly specify in writing the grounds and evidence on which the protest is based. LAVTA shall issue a written decision on the protest prior to the opening of proposals.

Protests based upon alleged improprieties that are not apparent or which could not reasonably have been discovered prior to bid opening, such as disputes over the staff recommendation for contract award, shall be submitted in writing to Executive Director within forty-eight (48) hours from receipt of the notice advising of the staff's recommendation for award of contract.

The protest must clearly specify in writing the name and address of the protestor, the project related to which the protest is made, and the grounds and evidence on which the protest is based. If the protestor later raises new grounds or new evidence not previously set forth in written submissions that reasonably could have been raised, LAVTA will not consider such new grounds or evidence in the determination on the protest. Staff shall analyze the protest and respond with a written determination.

Protesters shall have an opportunity to appear and be heard before the board prior to final award of the contract.

Because this contract is federally funded, LAVTA's final determination of protests may also be appealed to the FTA in accordance with the procedures set forth in FTA Circular 4220.1F, as may be periodically updated. FTA's review will be limited to protests alleging that LAVTA failed to have or follow its written protest procedures, failed to review a complaint or protest, or violated a federal law or regulation. The protest must be received by the FTA within five working days of the date the protestor learned or should have learned of an adverse decision by LAVTA.

Copies of the complete proposal protest procedure are available at the office of the Authority.

1.13 Contract Type

It is anticipated that the Agreement resulting from this solicitation, if awarded, will be a time and expense contract specifying hourly rates, which will apply on a Task Order basis. At LAVTA's discretion, each Task Order will be compensated at either a firm-fixed-price (FFP) or cost-plus-fixed-fee (CPFF) basis.

SECTION II

SCOPE OF WORK

SCOPE OF WORK
ON-CALL ENGINEERING CONSULTING SERVICES

1. INTRODUCTION

1.1. Request for Proposals

The Livermore Amador Valley Transit Authority (LAVTA) seeks the services of a qualified firm capable of providing on-call multi discipline engineering, design, architectural and construction management support services for various projects associated with Livermore Amador Valley Transit Authority's facilities in Dublin, Pleasanton, Livermore, and areas of unincorporated Alameda County.

Respondents to this RFP must be able to provide all of the desired services for each of the items listed in the scope of work. LAVTA intends to award the on-call service contract to one firm, but reserves the right to award to multiple firms. There is no guarantee of work through this solicitation.

The contract awarded under this RFP may be funded in whole or in part by the Federal Transit Administration (FTA). The successful Proposer shall cooperate with the District to ensure the full conformance with its funding agreements with the FTA and shall comply with all terms and conditions prescribed for third party contracts by the FTA.

1.2. Scope of Work

Background

LAVTA, which operating the *Wheels* system, provides fixed route bus service and Dial-A-Ride paratransit service to ADA eligible citizens, in the cities of Dublin, Livermore, Pleasanton and adjacent unincorporated areas of Alameda County.

Funding for the system is provided by Federal, State and Alameda County sources. The seven-member LAVTA Board of Directors is responsible for the development of policy and oversight of LAVTA's services and programs.

Engineering services will be provided on an as-needed basis, through a Task Order on-call process. The Task Order process will consist of LAVTA contacting the Consultant and requesting services related to an individual project. The Consultant will then prepare a detailed scope, schedule and budget proposal for each individual Task Order. The Task Orders will be agreed upon in advance between LAVTA and the Consultant.

LAVTA's Planning Director will be the key contact for the Consultant and will direct the Consultant. The Consultant shall designate a point-of-contact (POC) within the firm to coordinate all activities. The POC will be permanently assigned in this capacity for the duration of the contract period. The POC shall have the authority to make

commitments and decisions that are binding on the Consultant. Any changes to Consultant's personnel under this project shall be subject to LAVTA's written approval.

Task Order Process

Task Orders will be initiated in accordance with the following procedure:

- LAVTA's Planning Director will issue a Task Order Proposal Request to Consultant, which will define the Scope of Work, deliverables and required schedule.
- Task Orders will be issued on a firm-fixed-price or cost plus fixed fee with ceiling compensation basis.
- Consultant will submit its Task Order Proposal to LAVTA's Planning Director within ten (10) days of receipt of the Task Order Proposal Request. The Task Order Proposal shall include the Consultant's understanding of the Scope of Work, deliverables and schedule and will include a cost proposal. Also included will be the names of the Consultant (and subconsultant) personnel proposed under the Task Order.
- LAVTA will review the Task Order Proposal for compliance with contractual requirements and will conduct a technical evaluation to ensure the Task Order Proposal is complete and is consistent with the Scope of Work, that personnel assigned are acceptable and that all costs proposed are appropriate.
- If required, LAVTA will conduct negotiations to address exceptions and costs identified in the Task Order Proposal. After negotiations, Consultant will submit a revised Task Order Proposal within ten (10) days.
- LAVTA will issue the Task Order within ten (10) days after receipt of an accepted Task Order Proposal.
- Services shall be performed under the direction of LAVTA's staff representative identified in the Task Order.

General

The Consultant shall function with overall guidance from LAVTA staff, but will manage and control the day-to-day work directive activities and deliverables.

Services: Professional services to be provided by Consultant under the Agreement and individual Task Orders may include, but may not be limited to, the following tasks and activities:

1. Civil/site improvement designs (e.g., bus stop design and ADA improvements)
2. Mechanical design (e.g., plumbing, HVAC)
3. Electrical design (interior and exterior)
4. Architectural/space planning
5. Structural design and analysis
6. Constructability/bidability reviews

7. Project Cost Estimating

List of potential Task Order Assignments

Possible tasks that may be required of the Consultant in executing Task Order assignments include:

- Preparation and delivery of feasibility/cost studies
- Preparation of conceptual engineering and project study reports
- Preparation of Plans, Specifications and Cost Estimates (PS&E)
- Project Controls activities, including cost estimate preparation and review, and schedule preparation and review
- Construction Management support services
- Review of contractor submittals
- Evaluation of contractor's claims and dispute resolution assistance

Detailed Scope of Services for Consultant

As assigned by individual Task Orders, Consultant will conduct categories of services as described below:

- **Civil/site improvement designs (e.g., bus stop design and ADA improvements)** - Typical civil site work will involve designs associated with bus stop and ADA design improvements in city right-of-way.
- **Mechanical design (e.g., plumbing, HVAC)** - Mechanical design at LAVTA's maintenance, operations, and administrative office building may involve design of plumbing, HVAC, and other mechanical systems.
- **Electrical design** - Electrical design for the bus stop facilities and LAVTA administrative office building may involve design of lighting, communications systems, fire alarm and other electrical systems.
- **Architectural/space planning** - Architectural and space planning at the administrative office building may involve assessments of current space needs and recommendations for modernizing and upgrading facilities to improve functionality, space efficiency and ease of use.
- **Structural design and analysis** - Structural analysis may be needed to determine structural integrity in the installation of auxiliary equipment on buildings, in reconfiguring building spaces, and in retrofitting bus stop shelters and signs to include solar and real-time displays. A recent example involved a structural analysis needed for the installation of real-time signs on existing bus shelters.
- **Constructability/Bidability Reviews** - In conjunction with design of equipment or facilities, constructability/bidability reviews may be required to ensure the design provides for ease and efficiency in construction and that the design would not discourage or preclude qualified contractors from bidding.
- **Project Cost Estimating** - Project cost estimating will be required in conjunction with design of equipment or facilities. These services may also be needed for feasibility analyses.

Example of Possible Forthcoming Work

LAVTA is in the process of securing funding for bus stop improvements. The award date is unknown at this time. Consultant activities associated with bus stop improvements will include design of bus stop shelter pads, ADA sidewalk improvements, and attachment and electrical design of solar panels and real-time signs at locations in the public right-of-way throughout Livermore, Dublin, Pleasanton, and unincorporated areas of Alameda County. The Consultant would be asked to provide these services and coordinate plan approval and permits through the cities. LAVTA would pay any required fees directly to the cities.

In addition, once plans are approved, the Consultant will be requested to assist in creating bid documents, plans, and specifications to hire a construction contractor to complete the construction work. The Consultant may also be asked to provide construction support services during construction.

1.3 Contract Period

The initial contract period is for three (3) years from the effective date, with two (2) one-year options, to be exercised solely at LAVTA’s discretion.

1.4 Payment and Invoicing Instructions

The Authority will inspect all projects prior to payment. The Authority shall make payment for each completed project within 30 days of receipt of proper statements or invoices for the work performed in full conformance with the solicitation requirements, and approved by LAVTA’s Director of Administrative Services or Executive Director. The Authority reserves the right to withhold payment to the Consultant if the Authority determines that the quantity or quality of the work performed is unacceptable. The Authority shall provide written notice to the Consultant within 10 business days of the Authority’s decision not to pay and the reasons for non-payment.

Payments for all items shall include labor, taxes, storage, transportation, delivery, warranty, insurance, materials, profit, subcontractor costs, overhead and all other costs associated with provision of the services.

Each invoice shall detail the Task Order, the services performed, the personnel performing these services, the hours worked and the applicable hourly rate of compensation. Submitted documentation must correspond to the hourly rates of compensation specified in Consultant’s proposal.

All invoices should be sent to: Accounts Payable
 Livermore Amador Valley Transit Authority
 1362 Rutan Court, Suite 100
 Livermore, CA 94551

Additionally, proposer may not designate its cost proposal or any required bid forms or certifications as confidential.**

If proposer requests that Authority withhold from disclosure information identified as confidential, and Authority complies with the proposer's request, proposer shall assume all responsibility for any challenges resulting from the non-disclosure, indemnify and hold harmless Authority from and against all damages (including but not limited to attorneys' fees that may be awarded to the party requesting the proposer information), and pay any and all costs and expenses related to the withholding of proposer information.

Proposer shall not make a claim, sue or maintain any legal action against Authority or its directors, officers, employees or agents in connection with the withholding from disclosure of proposer information.

If proposer does not request that Authority withhold from disclosure information identified as confidential, Authority shall have no obligation to withhold the information from disclosure and may release the information sought without any liability to Authority.

2.3 Conflict of Interest

Proposer represents and warrants that it presently has no interest and agrees that it will not acquire any interest which would present a conflict of interest under California Government Code §§ 1090 et seq. or §§ 87100 et seq. during the performance of services under the Agreement. Proposer shall promptly disclose any actual or potential conflict of interest to Authority as soon as proposer becomes aware of such conflict. 1.2 Evaluation Procedure

To be considered for evaluation, all proposals must be responsive to this Request for Proposals with respect to required submissions and must be compliant with all provisions as documented. LAVTA may reject as nonresponsive any proposal not meeting the requirements of this RFP. An Evaluation Committee shall be comprised of Authority staff and may include outside personnel. The Committee members will evaluate the written proposals using the criteria identified in Section 1.1 above.

Firms submitting a proposal to this RFP may be required to give a demonstration and presentation of their proposal to LAVTA. This presentation may provide an opportunity for the firms to clarify or elaborate on the proposal but will in no way change the original submission.

Engagement staff shall be present at the oral presentation. LAVTA’s request for an oral presentation shall not constitute acceptance of a proposal.

The Authority reserves the right to request additional information to clarify any Proposal.

After the consultant ranking has been determined, the Authority will open the cost proposal from the top-ranked firm only. LAVTA may accept the Proposal, or negotiate the terms and conditions of the contract with the highest-ranked firm. If negotiations are unsuccessful, the Authority will terminate the negotiations, and may open negotiations with the next highest ranked firm. If negotiations with this firm are also unsuccessful, LAVTA may repeat the negotiations process with the next highest ranked firm, or may, at its sole discretion, reject all remaining proposals.

1.3 Award

The Authority reserves the right to award its total requirements to one proposer or to apportion those requirements among several proposers, as the Authority may deem to be in its best interest.

The Authority reserves the right to accept or reject any or all Proposals received as a result of this solicitation, to negotiate with any qualified firm, to modify or cancel in part or in its entirety the RFP or to request revised Proposals if it is in the best interest of the Authority to do so. The Authority, however, may award a contract without negotiation, so Proposers are encouraged to submit their best offers and proposals.

I am aware of the provisions of Section 3700 of the Labor Code, which require every employer to be insured against liability for worker's compensation or to undertake self-insurance. FAIR EMPLOYMENT PRACTICES CERTIFICATION

In connection with the performance of work under this contract, the Proposer agrees as follows:

1. The Proposer will not willfully discriminate against any employee or applicant for employment because of race, color, religious creed, ancestry, national origin, age, sex, physical disability, mental disabilities, marital status, or medical condition as defined in Government Code §12926. The Proposer will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religious creed, ancestry, national origin, age, sex, physical disability, mental disability, marital status, or medical condition as defined in Government Code §12926. Such action shall include, but not be limited to, the following: employment; upgrading; demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. The Proposer agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this Fair Employment Practices section.
2. The Proposer will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, advising the said labor union or workers' representative of the Proposer's commitments under this section; and the Proposer shall post copies of the notice in conspicuous places available to employees and applicants for employment.
3. The Proposer will permit access to its records of employment, employment advertisements, application forms, and other pertinent data and records by the Fair Employment Practices Commission, LAVTA, or any other appropriate agency of the State of California designated by LAVTA for the purposes of investigation to ascertain compliance with the Fair Employment Practices section of this contract.
4. A finding of willful violation of the Fair Employment Practices section of this contract or of the Fair Employment Practices Act shall be regarded by LAVTA as a basis for determining the Proposer to be not a "responsible Proposer" as to future contracts for which such Proposer may submit Proposals, for revoking the Proposer's pre-qualification rating, if any, and for refusing to establish, re-establish, or renew a pre-qualification rating for the Proposer.

LAVTA shall deem a finding of willful violation of the Fair Employment Practices Act to have occurred upon receipt of written notice from the Fair Employment Practices Commission that it has investigated and determined that the Proposer has violated the Fair Employment Practices Act and has issued an order under Government Code §12970 or obtained a court order under Government Code §12973.

Upon receipt of such written notice from the Fair Employment Practices Commission, LAVTA shall notify the Proposer that, unless it demonstrates to the satisfaction of LAVTA within a stated period that the violation has been corrected, the Proposer's pre-qualification rating will be revoked.
5. The Proposer agrees that should LAVTA determine that the Proposer has not complied with the Fair Employment Practices section of this contract then, pursuant to Labor Code Sections 1735 and 1775, the Proposer shall, as a penalty to LAVTA, forfeit, for each calendar day, or portion thereof, for each person who was denied employment as a result of such noncompliance, the penalties provided in the labor code for violation of prevailing wage rates. Such monies may be recovered from the Proposer. LAVTA may deduct any such damages from any monies due the Proposer.
6. Nothing contained in this Fair Employment Practices section shall be construed in any manner of fashion so as to prevent LAVTA from pursuing any other remedies that may be available at law.
7. Prior to award of the contract, the Proposer shall certify to LAVTA that it has or will meet the following standards for affirmative compliance, which shall be evaluated in each case by LAVTA:

- a. The Proposer shall provide evidence, as required by LAVTA, that it has notified all supervisors, foremen and other personnel officers, in writing, of the content of the anti-discrimination clause and their responsibilities under it.
 - b. The Proposer shall provide evidence, as required by LAVTA, that it has notified all sources of employee's referral (including unions, employment agencies, advertisements, Employment Development Department) of the content of the anti-discrimination clause.
 - c. The Proposer shall file a basic compliance report as required by LAVTA. Willfully false statements made in such reports shall be punishable as provided by law. The compliance report shall also spell out the sources of the work force and who has the responsibility for determining whom to hire or whether or not to hire.
 - d. Personally, or through its representatives, the Proposer shall, through negotiations with the unions with whom it has agreements, attempt to develop an agreement which will:
 - (1) Spell out responsibilities for nondiscrimination in hiring, referral, upgrading, and training.
 - (2) Otherwise implement an affirmative anti-discrimination program in terms of the unions' specific areas of skill and geography to the end that qualified minority workers will be available and given an equal opportunity for employment.
 - e. The Proposer shall notify LAVTA of opposition to the anti-discrimination clause by individuals, firms, or organizations during the period of its pre-qualification.
8. The Proposer will include the provisions of the foregoing Paragraphs 1 through 7 in every first-tier subcontract so that such provisions will be binding upon each subconsultant.
9. Statements and Payrolls. The Proposer shall maintain its records in conformance with the requirements included in the Information to Proposers and the following Special Conditions:
- a. The submission by the Proposer of payrolls or copies thereof, is not required. However, each Proposer and sub-contractor shall preserve their weekly payroll records for a period of three (3) years from the date of completion of this contract.
 - b. The payroll records shall contain the name, address and social security number of each employee, his/her correct classification, rate of pay, daily and weekly number of hours worked, itemized deductions made, and actual wages paid.
 - c. The Proposer shall make its payroll records available at the project site for inspection by LAVTA and shall permit LAVTA to interview employees during working hours on the job.

The following certification is to be executed by every Proposer and enclosed and forwarded in a sealed envelope containing the Proposal. The person signing the certification shall state his/her address and official capacity.

Violation of this provision may result in this Agreement being deemed void and unenforceable or subject to termination.

Depending on the nature of the work performed, Consultant may be required to publicly disclose financial interests under LAVTA's Conflict of Interest Code. Upon receipt, the Consultant agrees to promptly submit a Statement of Economic Interest on the form provided by LAVTA.

No person previously in the position of director, officer, employee or agent of LAVTA may act as an agent or attorney for, or otherwise represent the Consultant, by making any formal or informal appearance, or any oral or written communication, before LAVTA, or any officer or employee of LAVTA, for a period of twelve months after leaving office or employment with LAVTA if the appearance or communication is made for the purpose of influencing any action involving the issuance, amendment, award or revocation of a permit, license, grant, or contract.

Consultant's written notice will also propose alternatives for addressing or eliminating the organizational conflict of interest.

If at any time during the term of this Agreement, LAVTA becomes aware of an organizational conflict of interest in connection with Consultant's performance of the work hereunder, LAVTA shall similarly notify Consultant.

In the event a conflict is presented, whether disclosed by Consultant or discovered by LAVTA, LAVTA will consider the conflict presented and any alternatives proposed and meet with the Consultant to determine an appropriate course of action. LAVTA's determination as to the manner in which to address the conflict shall be final.

During the term of this Agreement, Consultant must maintain lists of its employees, and the Subconsultants and independent consultants used and their employees. Consultant must provide this information to LAVTA upon request. However, submittal of such lists does not relieve the Consultant of its obligation to assure that no organizational conflicts of interest exist. Consultant shall retain this record for five (5) years after LAVTA makes final payment under this Agreement. Such lists may be published as part of future LAVTA solicitations.

Consultant shall maintain written policies prohibiting organizational conflicts of interest and shall ensure that its employees are fully familiar with these policies. Consultant shall monitor and enforce these policies and shall require any subconsultants and affiliates to maintain, monitor and enforce policies prohibiting organizational conflicts of interest.

Failure to comply with this section may subject the Consultant to damages incurred by LAVTA in addressing organizational conflicts that arise out of work performed by Consultant, or to termination of this Agreement for breach

Consultant shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal Contract, grant or award covered by 31 U.S.C. § 1352. Such disclosures shall be forwarded to LAVTA. Consultant shall ensure that all of its subconsultants under this Agreement shall certify the same. Prior to execution of this Agreement, Consultant shall submit the "Certification for Federal Aid Contracts," included in the Contract Documents. LAVTA is responsible for keeping the certification of the Consultant who is, in turn, responsible for keeping the certification forms of subconsultants.

E. Certification Regarding Debarment and Suspension.

The Consultant shall submit, prior to execution of this Agreement, documentation showing that neither the Consultant nor its principals are presently debarred,

suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any Federal department or agency. For this purpose, the Consultant must complete and execute the form entitled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion," which is included in the Proposal Documents. Consultant also agrees to include this provision in any subcontract exceeding \$25,000 and to obtain a similar certification from any subconsultant seeking a subcontract exceeding \$25,000 and forward the certification to LAVTA.

F. Access to Records and Reports

Consultant shall provide all authorized representatives of LAVTA, the FTA, and the Comptroller General of the United States access to any books, documents, papers and records of the Consultant which are directly pertinent to this Agreement for the purposes of making audits, copies, examinations, excerpts and transcriptions. Consultant also agrees to maintain all books, records, accounts and reports required under this Agreement for a period of not less than three years after the date of termination or expiration of this Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case Consultant agrees to maintain the same until LAVTA, the FTA, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

G. Federal Changes

Consultant shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Agreement (Form FTA MA (21) dated October, 2014) between LAVTA and the FTA, as they may be amended or promulgated from time to time during the term of this Agreement. Consultant's failure to so comply shall constitute a material breach of this Agreement.

H. No Government Obligation to Third Parties

LAVTA and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Agreement and shall not be subject to any obligations or liabilities to LAVTA, Consultant, or any other party (whether or not a party to that Contract) pertaining to any matter resulting from the underlying Contract.

The Consultant agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

I. Program Fraud and False or Fraudulent Statements and Related Acts

The Consultant acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801, et seq., and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying Contract, the Consultant certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Agreement or the FTA assisted project for which this Agreement work is being performed. In addition to other penalties that may be applicable, the Consultant further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Consultant to the extent the Federal Government deems appropriate.

The Consultant also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a Contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under LAVTA of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Consultant, to the extent the Federal Government deems appropriate.

The Consultant agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subconsultant who will be subject to the provisions.

J. Disadvantaged Business Enterprises (DBE)

LAVTA, recipient of federal financial assistance from the Federal Transit Administration (FTA) is committed to and has adopted a Disadvantaged Business Enterprise Program for contracts in accordance with federal regulations 49 CFR Part 26, issued by the U. S. Department of Transportation (U.S. DOT).

It is the policy of LAVTA to ensure nondiscrimination in the award and administration of all contracts and to create a level playing field on which Disadvantaged Business Enterprises (DBEs) can compete fairly for contracts and subcontracts relating to LAVTA's construction, procurement and professional services activities. To this end, LAVTA has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. In connection with the performance of this contract, the Consultant will cooperate with LAVTA in meeting these commitments and objectives.

Pursuant to 49 CFR §26.13, and as a material term of any agreement with LAVTA, the Consultant hereby makes the following assurance and agrees to include this assurance in any agreements it makes with Subcontractors in the performance of this contract:

"The Consultant or Subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Consultant shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of U.S. DOT-assisted contracts. Failure by the Consultant or Subconsultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as LAVTA deems appropriate."

L. Davis-Bacon and Copeland Anti-Kickback Acts

This Agreement may involve the provision of inspection and/or surveying work that may be subject to Davis-Bacon Act requirements as follows:

(1) Minimum wages

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Consultant and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time

actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Consultant and its subconsultants at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) (A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the Consultant and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the Consultant, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Consultant shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the Consultant does not make payments to a trustee or other third person, the Consultant may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the Consultant, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Consultant to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v) (A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Consultant and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the Consultant, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer

do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(2) Withholding

The Authority shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Consultant under this contract or any other Federal contract with the same prime Consultant, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Consultant, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Consultant or any subconsultant the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the Authority may, after written notice to the, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and Basic Records

(i) Payrolls and basic records relating thereto shall be maintained by the Consultant during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Consultant shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan

or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Consultants employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii) (A) The Consultant shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Authority for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime Consultant is responsible for the submission of copies of payrolls by all subconsultants.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Consultant or subconsultant or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the Consultant or subconsultant to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The Consultant or subconsultant shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Consultant or subconsultant fails to submit the required records or to make them available, the Federal agency may, after written notice to the Consultant, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and Trainees

(i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Consultant as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Consultant is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Consultant's or subconsultant's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the Consultant will no longer be permitted to utilize apprentices at less than the applicable

predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Consultant will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act Requirements

The Consultant shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts

The Consultant or subconsultant shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subconsultants to include these clauses in any lower tier subcontracts. The prime Consultant shall be responsible for the compliance by any subconsultant or lower tier subconsultant with all the contract clauses in 29 CFR 5.5.

(7) Contract Termination: Debarment

A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a Consultant and a subconsultant as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act Requirements

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes Concerning Labor Standards

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Consultant (or any of its subconsultants) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of Eligibility

(i) By entering into this contract, the Consultant certifies that neither it (nor he or she) nor any person or firm who has an interest in the Consultant's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

M. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any LAVTA requests which would cause LAVTA to be in violation of the FTA terms and conditions.
