

Livermore Amador Valley Transit Authority

March 2, 2017

Re: Request for Proposals – Microwave Based Traffic Sensors at Five Signalized Intersections #2017-03

To whom it may concern:

This letter is to inform you that the Livermore Amador Valley Transit Authority intends to award the Agreement #2017-03, Microwave Based Traffic Sensors at Five Signalized Intersections to Western Pacific Signal, LLC., San Leandro, California. Their proposal was determined to be the best value for LAVTA, and to be both responsive and responsible to the factors set forth in the RFP. The award date is set for March 6, 2017.

Sincerely,

A handwritten signature in black ink that reads 'Tamara Edwards'.

Tamara Edwards  
Finance and Grants Manager
