RE: RFP for LAVTA Go Dublin Consulting Services #2017-15

Addendum Number 2

This correspondence constitutes official record of the second alteration of a "Request for Proposals for Livermore Amador Valley Transit Authority (LAVTA) Go Dublin Consulting Services #2017-15" issued on July 17, 2017.

This Addendum responds to written questions as follows:

QUESTION	RESPONSE
1. Have you contracted with universities before?	No. LAVTA staff is open to partnering with a University for this project.
2. Do you have a maximum/minimum indirect cost threshold?	No; the total project budget is \$50,000
3. Please clarify language on LAVTA ownership of analysis and what this constitutes.	The report/data will remain the property of LAVTA. The consultant will be required to sign a Non-Disclosure Agreement (NDA) in order to access confidential information from partners. There may be an opportunity to license use of the report for further academic work, but it is undetermined at this time.
4. "List any projects, which have resulted in time extensions and/or the assessment of liquidated damages against any member of the project team during the last five (5) years." Projects often have shifts in time extensions. Is this only meant to list extensions that were not the joint decision between the client and sub consultant?	Yes, please list any contracts where an extension of time resulted in monetary damages; or where an extension was not a joint decision by the consultant and client.
5. The RFQ/RFP listed the data that will be	The consultant will need to sign an NDA in order to

<p>provided to LAVTA by each Go Dublin operator. Does LAVTA’s contract with these operators allow LAVTA to simply provide this data to the consultant team (according to the provisions specified in the sample contract included in the RFQ/RFP), or would members of the consultant team need to negotiate separate agreements with each operator in order to access the data? Can LAVTA provide the consultant team with a copy of its contracts with the Go Dublin operators so that we can identify any potential issues with data availability and access prior to submitting our proposal?</p>	<p>obtain access to the confidential data. The specific data that is being collected as a part of our partner agreements is listed on page 11 (figure 1) of the RFQ/RFP. Making the partner agreements available for review prior to the award of this contract is not possible.</p>
<p>6. The RFP requires the submission of cost information. Please advise whether the resulting contract will be issued cost plus fixed fee, time and materials or firm fixed price. The sample agreement references a price proposal form as Attachment 2 to the agreement. Is there a specific form that offerors should use to submit cost information?</p>	<p>There is no specific price proposal form to utilize for this solicitation; the sample agreement (Attachment 4) has been updated to remove the reference of the price proposal form. The contract will be issued as a firm fixed price.</p>
<p>7. LAVTA requires the consultant to provide a list of all projects in the last five years where we got time extensions involving anyone proposed as staff for this project team. This completing this request will present significant challenges, including:</p> <ul style="list-style-type: none"> a. Time extensions are common and not necessarily due to delays in consultant performance. Often clients request extensions for a variety of reasons unrelated to consultant performance. Unless the distinction is made between extensions requested by the client versus the consultant, its relevance seems confusing and misleading. b. We expect the tally of projects our proposed staff have completed may exceed a hundred over the past 5 years, so the time needed to sort through all of these past projects to determine which ones were extended and determine the cause would be prohibitive. We understand and appreciate that LAVTA wants to determine if consultant are likely to deliver results according to the schedule, 	<p>Please see question #4 above.</p>

assuming LAVTA does not request extensions for reasons the consultant cannot control. We respectfully request, however, that this provision be withdrawn. If requested, we can suggest alternative provisions that may demonstrate or assure timely delivery.	
---	--

Additionally, Consultant will be required to sign a non-disclosure agreement to obtain confidential information obtained by the participating providers.

Other scope of work items that have been modified:

- Attachment 4 (Sample Agreement) – Has been updated to remove reference of a price proposal form.

Other than those specifically listed above, no other sections, terms or conditions of the above cited solicitation are being altered at this time. All other sections, conditions and language not specifically cited as altered in this document are still in full and original effect.

In case such materials, equipment, devices or processes are held to constitute an infringement and their use enjoined, Consultant, at Consultant's sole cost and expense, shall: (a) secure for LAVTA the right to continue using the materials, equipment, devices or processes by suspension of the injunction or by procuring a royalty-free license or licenses, or (b) replace such materials, equipment, devices, or processes with non-infringing materials, equipment, devices or processes that perform the same functions as the infringing item, or (c) modify them so that they become non-infringing or remove the enjoined materials, equipment, devices or processes and refund the sums paid therefore, without prejudice to any other rights of LAVTA. If the amount of time necessary to proceed with one of these options is deemed excessive by LAVTA, LAVTA may direct Consultant to select another option or risk default.

12. TERMINATION

LAVTA shall have the right to suspend or terminate this Agreement at any time by giving written notice to the Consultant. Upon receipt of such notice, the Consultant shall not commit itself to any further expenditure of time or resources.

If the Agreement is suspended or terminated for any reason other than a default by Consultant, LAVTA shall pay to Consultant all sums actually due and owing from LAVTA for all services performed and all expenses incurred up to the day written notice of effective date of suspension or termination is given, plus any costs LAVTA determines are reasonable and necessarily incurred by Consultant to effect such suspension or termination. If the Agreement is terminated for default, LAVTA shall remit final payment to Consultant in an amount to cover only those services performed and expenses incurred in full accordance with the terms and conditions of this Agreement up to the effective date of termination.
