In the context of this RFQ/RFP, an “ex parte communication” is any communication between a Proposer (or the Proposer’s representative) and Authority’s Executive Director, Board Member, officer or employee, regardless of who initiates the communication, other than as part of the formal procurement process specified herein, before Authority issues a Notice to Proceed.

VIII. THE LEVINE ACT

The Levine Act (Government Code 84308) is part of the Fair Political Practices Act that applies to elected officials who serve on appointed Boards such as Authority. The Levine Act prohibits any Authority Board Member from participating in or influencing the decision on awarding a contract with Authority to anyone who has contributed \$250.00 or more to the Board Member within the previous twelve months. The Levine Act also requires a member of Authority Board who has received such a contribution to disclose the contribution on the record of the proceeding. In addition, Authority Board Members are prohibited from soliciting or accepting a contribution from a party applying for a contract while the matter of awarding the contract is pending before Authority or for three months following the date a final decision concerning the contract has been made.

Proposers must disclose on the record any contribution of \$250.00 or more that they have made to a Authority Board Member within the twelve-month period preceding submission of your

Proposal. This duty applies to your company, any member of your team, any agents for you or other team members and to the major shareholders of any closed corporation that is part of your team. If you have made a contribution that needs to be disclosed, **you must include this information with your SOQ&P.**

IX. CONFIDENTIALITY

The California Public Records Act (Cal. Govt. Code Sections 6250, *et seq.*) mandates public access to government records. Therefore, unless the information is exempt from disclosure by law, the content of any request for explanation, exception or substitution, response to this RFQ/RFP, or any other written communication between Authority and Proposer shall be available to the public.

If the Proposer believes any communication contains trade secrets or other proprietary information that the Proposer believes would cause substantial injury to the Proposer's competitive position if disclosed, the Proposer shall request that Authority withhold from disclosure the proprietary information by marking each page containing such proprietary information as confidential. Proposer may not designate its entire Proposal as confidential.

If Proposer requests that Authority withhold from disclosure information identified as confidential and Authority complies with the Proposer's request, Proposer shall assume all responsibility for any challenges resulting from the non-disclosure, indemnify and hold harmless Authority from and against all damages (including but not limited to attorneys' fees that may be awarded to the party requesting the Proposer information), and pay any and all cost and expenses related to withholding Proposer information. Proposer shall not make a claim, sue or maintain any legal action against Authority or its directors, officers, employees or agents in connection with the withholding from disclosure of Proposer information.

If the Proposer does not request that Authority withhold from disclosure information identified as confidential, Authority shall have no obligation to withhold the information from disclosure and may release the information sought without liability to Authority.

Proposals should be limited to specific discussion of the elements outlined in this RFP. Respondents are encouraged to avoid submissions that are poorly organized or in which important information is obscured by unnecessary promotional material. Evaluation Committee will assume the most unfavorable interpretation when information is unclear, ambiguous, or missing.

Description of the Project

Background

The Livermore Amador Valley Transit Authority (LAVTA) has launched a program called Go Dublin. Go Dublin is a partnership among the public transit authority and several ridesourcing operators, including Uber, Lyft, and DeSoto cabs. Go Dublin pays for 50% of any ridesourcing or e-Hail fare, up to a value of \$5 within the city limits of Dublin. Users must select the UberPOOL, Lyft Line, or the DeSoto Share (e-Hail) option when booking rides, requesting a single or private ride trip will not qualify. As long as users employ the “GODUBLIN” promotional code, and the entire trip is inside the service area, the discount is automatically applied. The Go Dublin program was implemented in January of 2017 and will conclude at the end of December 2017, unless extended.

For additional information on the Go Dublin program, proposers are encouraged to visit the Go Dublin webpage at www.wheelsbus.com/godublin.

Prior to the implementation of Go Dublin, LAVTA took the step of eliminating inefficient routes from the Wheels bus system. One of the neighborhood connector routes eliminated was located within the Go Dublin service area. An additional neighborhood connector route remains within the service area (Route 2), as well as a route (Route 1) that serves a business area near the BART station. Also, within the Go Dublin service area is Route 30R, which is a route featuring Rapid service on Dublin Blvd, an arterial connecting high density housing and business with the two BART stations and the rest of the Wheels bus system through a transit center. The Rapid is a BRT-lite bus service, with frequent (15-minute) headways, transit signal priority and queue jumps, and branded bus stops.

Project

LAVTA is interested in understanding how Go Dublin has impacted travel behavior in the service area, net costs, and net fuel consumption over the course of its deployment. This project would evaluate the impacts of the Go Dublin program on user mobility, user costs, system costs, as well as overall fuel consumption and emissions. The results of the study would be summarized in a PowerPoint presentation and in a 3- to 5-page memorandum designed for internal policy analysis. An executive summary available for public consumption should also be provided. LAVTA also anticipates further work on the project for public dissemination in the form of conference papers, presentations, or journal articles at later date following the project completion.

Data Availability

The data that has been agreed to by operators to give to LAVTA is shown in Figure 1 below:

Figure 1 Data that will be provide to LAVTA by each Go Dublin Operator

<p style="text-align: center;">Uber</p>	<p>For each Agency Promo Code, Uber will provide monthly reports of total number of trips taken using the Agency Promo Code, the average LAVTA discount applied per trip, relative trips by time of day, heatmaps of demand levels across the relevant Promotion Area, and the total amount billed to LAVTA for that month. In addition, Uber shall provide a monthly report showing hourly patterns for LAVTA-funded trips, and maps of demand levels across the relevant Promotion Area. Reports will be delivered once the discount applied equals \$5,000</p>
<p style="text-align: center;">Lyft</p>	<p>For each LAVTA Promo Code, Lyft will provide monthly reports providing the following on each ride: total discount rides; date and time of pick-up of each discount trip provided; total of unique riders in each discount trip; actual distance travelled for each discount trip; travel times for each program trip invoiced; LAVTA discount applied for each program trip invoiced. The above monthly reporting may be provided to LAVTA in various documents or aggregated forms in order for Lyft to protect its confidential information. **Lyft will also supply revenue hours, revenue miles, and passenger miles</p>
<p style="text-align: center;">De Soto</p>	<p>For each LAVTA Promo Code, DeSoto Cab will provide monthly reports providing the following on each ride: total discount rides; origination and destination of each discount trip at the block level; date and time of pick-up of each discount trip provided; total of unique riders in each discount trip; actual distance travelled for each discount trip; travel times for each program trip invoiced; to the extent that DeSoto Cab has the capability to provide, wait times for each program trip invoiced; LAVTA discount applied for each program trip invoiced; and whether a discount trip was matched.</p>
<p style="text-align: center;">De Soto Wheelchair</p>	<p>DeSoto Cab agrees to ensure that wheelchair accessible vehicles are available within the promotion area and can be dispatched for a discount ride pickup within 20 minutes of the trip request. DeSoto Cab will provide a monthly report on discount trips taken on wheelchair accessible vehicles including total discount rides; origination and destination of each discount trip; date and time of pick-up of each discount trip provided; total of unique riders in each discount trip; actual distance travelled for each discount trip; travel times for each program trip invoiced; wait times for each program trip invoiced; LAVTA discount applied for each program trip invoiced; and whether a discount trip was matched.</p>

Additionally, the following will be available for the project:

- The ability to survey transit riders, with limited information available from surveys conducted before the implementation of Go Dublin. LAVTA will endeavor to persuade Go Dublin operators to conduct surveys of Go Dublin participants, but acknowledges the challenges associated.
- Transit ridership data spanning before and after the implementation of Go Dublin.
- Transit cost and revenue data before and after the implementation of Go Dublin, including fuel consumption by route, etc.
- Available travel data from Go Dublin operators (see Figure 1)

Attachment 2

Scope of Services, Required Personnel and their Qualifications

Scope of Work

As mentioned in Attachment 1, LAVTA is interested in understanding how Go Dublin has impacted mobility. The following are the scope of services to be provided:

- (1) Evaluation of changes in travel behavior to evaluate how Go Dublin has influenced modal shifts, needs for auto ownership, and other travel behavior metrics germane to analyzing program effectiveness.
- (2) Evaluation of net changes in fuel consumption, including driving that occurs as a result of the Go Dublin subsidized trips, which may include induced travel that was not present on the buses. This analysis should include fuel consumption that's offset by reduction in fuel consumption that results from bus route that was eliminated.
- (3) Evaluation of net costs to LAVTA and to riders that are observed to occur as a result of the Go Dublin program. Evaluation of actual changes in costs to LAVTA as a baseline, but should also evaluate the change in cost that would have occurred had the broader bus operation been eliminated, including capital cost. This cost change is not what LAVTA did, but should be calculated for hypothetical purposes.

The results of the study would be summarized in a PowerPoint presentation and in a 3- to 5-page memorandum designed for internal policy analysis. An executive summary available for public consumption should also be provided. The final deliverables would be due to LAVTA by November 17, 2017. LAVTA also anticipates further work on the project for public dissemination in the form of conference papers, presentations, or journal articles at later date following the project completion.

Required Personnel and their Qualifications

Personnel managing and assigned to this project should have experience in analyzing mobility and the sharing economy, including transportation network companies. Qualifications should include research and prior analysis work in the areas of energy, the environmental aspects of transportation, and public policy.

Project Schedule

LAVTA anticipates commencing work in September 2017, and proposes the following deliverable dates. Proposals should include a detailed schedule demonstrating the Proposer's proposed approach for meeting these milestones.

Tasks and Deliverables	Schedule
Draft Study Report/Memorandum	October 27, 2017
Final Study Report/Memorandum	November 10, 2017

**PowerPoint Presentation and Executive Summary

6 CHANGES

Authority may, at any time, by written order, make changes within the Scope of Work and services described in this Agreement. If such changes cause an increase in the budgeted cost of or the time required for performance of the agreed upon work, an equitable adjustment as mutually agreed shall be made in the limit on compensation as set forth in Section 3. In the event that the Consultant encounters any unanticipated conditions or contingencies that may affect the scope of work or services, schedule or the amount of compensation specified herein, Consultant shall so advise Authority immediately upon notice of such condition or contingency. The written notice shall explain the circumstances giving rise to the unforeseen condition or contingency and shall set forth the proposed adjustment in schedule or compensation. This notice shall be given to the Authority prior to the time that Consultant performs work or services related to any proposed adjustment. The pertinent changes shall be expressed in a written supplement to this Agreement prior to implementation of such changes.

7. CONSULTANT'S STATUS

Consultant is an independent consultant and not an employee or agent of Authority and has no Authority to contract or enter into any other agreement in the name of Authority. Consultant has, and hereby retains, full control over the employment, direction, compensation and discharge of all persons employed by Consultant who are assisting in the performance of services under this Agreement. Consultant shall be fully responsible for all matters relating to the payment of its employees, including compliance with social security, withholding tax and all other laws and regulations governing such matters. Consultant shall

be responsible for its own acts and those of its agents and employees during the term of this Agreement.

8. INDEMNIFICATION

To the maximum extent permitted by law, Consultant shall defend, indemnify and hold harmless Authority, its directors, officers, agents and employees from all claims, demands, suits, loss, damages, injury and liability, direct or indirect (including any and all costs and expenses in connection therewith) (collectively “Liability”), that arise out of, pertain to, or relate to the negligence, recklessness, or intentional misconduct of Consultant, its officers, agents, employees and subcontractors/subconsultants or any of them. This obligation shall not apply to Liability that arising from the sole negligence or willful misconduct of Authority or to defects in design furnished by Authority or that arise from the active negligence of Authority. Except as provided above, Consultant will indemnify and defend Authority notwithstanding any alleged or actual passive negligence of Authority which may have contributed to the Liability. In the event any aspect of the foregoing provision is found to be void or unenforceable, a court shall interpret this provision to give the maximum protection available to the Authority under applicable law. This provision will survive termination or expiration of the Agreement.

9. MAINTENANCE, AUDIT AND INSPECTION OF RECORDS

All Consultant and subcontractors/subconsultants costs incurred in the performance of this Contract will be subject to audit. Consultant and its subcontractors/subconsultants shall permit LAVTA, or its authorized representatives to inspect, examine, make excerpts from, transcribe, and copy Consultant’s books, work, documents, papers, materials, payrolls records, accounts, and any and all data relevant to the Agreement at any reasonable time, and to audit and verify statements, invoices or bills submitted by the Consultant pursuant to this Agreement. The Consultant shall also provide such assistance as may be required in the course of such audit. Consultant shall retain these records and make them available for inspection hereunder for a period of four (4) years after expiration or termination of the Agreement.

If, as a result of the audit, it is determined by LAVTA’s auditor or staff that reimbursement of any costs including profit or fee under this Contract was in excess of that represented and relied upon during price negotiations or represented as a basis for payment, the Consultant agrees to reimburse LAVTA for those costs within sixty (60) days of written notification by LAVTA.

10. DATA TO BE FURNISHED BY AUTHORITY--CONFIDENTIALITY

All data, reports, surveys, studies, drawings and any other documents and materials made available to Consultant by Authority for use by Consultant in the performance of its services under this Agreement shall be made available for information only and shall be returned to Authority at the completion or termination of this Agreement.

Any LAVTA materials to which the Consultant has access or materials prepared by the Consultant during the course of this Agreement ("confidential information") shall be held in confidence by the Consultant, who shall exercise all reasonable precautions to prevent the disclosure of confidential information to anyone except the officers, employees and agents of the Consultant as necessary to accomplish the rendition of services required by this Agreement.

Consultant shall not release any reports, information or promotional materials prepared in connection with this Agreement, whether deemed confidential or not, to any third party without the approval of the LAVTA.

11. OWNERSHIP OF WORK

- A. All communications, records, or other materials or documents originated, prepared, and in the process of being prepared, for the services to be performed by Consultant under this Agreement, including, but not limited to: designs, branding materials, strategies, creative briefs, advertisements, copy layouts, scripts, artwork, logos, slogans, images, illustration, reports, findings, analyses, submittals, conclusions, opinions, drawings, specifications, standards, process sheets, photographs, videos, manuals, technical reports and recommendations with respect to the subject matter of this Agreement and raw and underlying data of such materials, regardless of format or media, including software, reports and other documentation (all of the foregoing, collectively, the "Work Product"), shall be delivered to and become the property of LAVTA. LAVTA shall be entitled to access and to copy the Work Product during the progress of the Work. Any Work Product remaining in the hands of Consultant or in the hands of any subcontractor/subconsultant upon completion or termination of the work shall be immediately delivered to LAVTA and not later than within two (2) weeks of completion or termination of the Work. If any materials are lost, damaged or destroyed before final delivery to LAVTA, Consultant shall replace them at its own expense, and Consultant assumes all risk of loss, damage or destruction of or to such materials.
- B. Any specific knowledge of LAVTA proprietary information gained as a result of this Agreement shall be used exclusively to accomplish the Scope of Work outlined above and for no other purpose.
- C. Any and all rights of copyright to Work Product prepared under this Agreement are hereby assigned to LAVTA. Consultant agrees to execute any additional documents that may be necessary to evidence such assignment. Consultant agrees not to assert any rights at common law or equity and not to establish any claim to statutory copyright in such Work Product. Except for its own internal use, Consultant shall not publish or reproduce such Work Product in whole or in part, or in any manner or form, nor authorize others to do so, without the written consent of LAVTA.
- D. Notwithstanding anything herein to the contrary, LAVTA acknowledges that as part of Consultant's provision of work hereunder, Consultant may utilize proprietary works of authorship including, without limitation, software,

methodologies, tools, specifications, drawings, sketches, models, samples, records and documentation, as well as copyrights, trademarks, service marks, ideas, concepts, know-how, techniques, knowledge or data, that have been originated or developed by Consultant or by third parties under Agreement to, or which have been purchased by, Consultant (all of the foregoing, collectively, "Consultant's Information"). LAVTA agrees that Consultant's Information is and shall remain the sole property of Consultant or such third party. Consultant agrees that LAVTA shall be entitled to use Consultant's Information in connection with this Agreement, and shall grant to LAVTA a perpetual, royalty-free, irrevocable, worldwide, non-exclusive license to use all Consultant's Information and to create and use derivative works of Consultant's Information in connection with this Agreement.

- E. Consultant represents and warrants that it has or will have all appropriate licenses, agreements and/or ownership pertaining to all intellectual property, including but not limited to patents and copyrights, used in connection with the performance of its obligations under this Agreement. Consultant further represents and warrants that it will have all necessary rights to patentable and copyrightable materials, equipment, devices or processes not furnished by LAVTA used on or incorporated in the work and assumes all risks arising from the use of such patentable and copyrightable materials, equipment, devices, or processes.
- F. Consultant shall indemnify, defend and hold harmless LAVTA, its directors, officers, agents and employees to the maximum extent permitted by law from and against any and all claims, liabilities, losses, damages or expenses (including attorneys' fees and related costs, whether or not litigation has commenced), whether direct or indirect, arising out of, relating to, or in connection with the ownership, possession or use of any materials, equipment, devices, or processes that are protected by intellectual property rights, including patent, copyright and trade secret. In case such materials, equipment, devices or processes are held to constitute an infringement and their use enjoined, Consultant, at Consultant's sole cost and expense, shall: (a) secure for LAVTA the right to continue using the materials, equipment, devices or processes by suspension of the injunction or by procuring a royalty-free license or licenses, or (b) replace such materials, equipment, devices, or processes with non-infringing materials, equipment, devices or processes that perform the same functions as the infringing item, or (c) modify them so that they become non-infringing or remove the enjoined materials, equipment, devices or processes and refund the sums paid therefore, without prejudice to any other rights of LAVTA. If the amount of time necessary to proceed with one of these options is deemed excessive by LAVTA, LAVTA may direct Consultant to select another option or risk default.

12. TERMINATION

LAVTA shall have the right to suspend or terminate this Agreement at any time by giving written notice to the Consultant. Upon receipt of such notice, the Consultant shall not commit itself to any further expenditure of time or resources.

If the Agreement is suspended or terminated for any reason other than a default by Consultant, LAVTA shall pay to Consultant all sums actually due and owing from LAVTA for all services performed and all expenses incurred up to the day written notice of effective date of suspension or termination is given, plus any costs LAVTA determines are reasonable and necessarily incurred by Consultant to effect such suspension or termination. If the Agreement is terminated for default, LAVTA shall remit final payment to Consultant in an amount to cover only those services performed and expenses incurred in full accordance with the terms and conditions of this Agreement up to the effective date of termination.

13. DATA PROTECTION

The Consultant warrants that, to the extent it processes any Personally Identifiable Information on behalf of LAVTA:

- (a) it shall act only on instructions from LAVTA; and
- (b) it has in place appropriate technical and organizational security measures against unauthorized or unlawful access, processing, theft, or security breach of Personally Identifiable Information and against accidental loss or destruction of, or damage to, Personally Identifiable Information.

In this clause, **Personally Identifiable Information** has the meaning given under California law.

14. SUBCONTRACTS

Consultant shall not subcontract all or any portion of its services under this Agreement without the prior written approval of the Authority, and any attempt thereat shall be void and unenforceable. The Consultant shall take affirmative actions to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, disability, national origin, or any other characteristic protected under state, federal, or local laws. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. 20. CHOICE OF LAW

All questions pertaining to the validity and interpretation of this Agreement shall be determined in accordance with the laws of California applicable to agreements made and to be performed within the state.

It is expressly agreed that if the Consultant shall be delayed or interrupted in the performance or completion of its work hereunder by any act, neglect or default of the Authority, or of any employee of the owner, or of any other consultant employed by the Authority, or by an embargo, war, fire, flood, earthquake, epidemic or other calamity, act of God or of the public enemy, governmental act (including, but not restricted to, any government priority, preference, requisition, allocation, interference, restraint or seizure, or the necessity of complying with any governmental order, directive, ruling or request) or by any strike or labor dispute involving the Authority, or any manufacturer, supplier or carrier of the machinery, materials or supplies required hereunder, then the time of completion specified herein shall be extended for a period equivalent to the time lost as a result thereof.

22. ENTIRE AGREEMENT

This Agreement is the entire agreement of the parties. Consultant represents that in entering into this Agreement, it has not relied on any previous representations, inducements or understandings of any kind or nature.

23. SEVERABILITY

The insurance requirements specified in this section shall apply to Consultant and any subcontractors, suppliers, temporary workers, independent contractors, leased employees, or any other persons, firms or corporations that Consultant authorizes to work under this Agreement (hereinafter collectively referred to as “Agents”). Consultant and all Agents are required to procure and maintain at their sole cost and expense the insurance coverages subject to all of the requirements set forth below. Such insurance shall remain in full force and effect throughout the term of this Agreement. To the extent that any Agent does not procure and maintain such insurance coverage, Consultant shall be responsible for said coverage and assume any and all costs and expenses that may be incurred in securing said coverage or in fulfilling Consultant’s indemnity obligation as to itself or any of its Agents in the absence of coverage. In the event Consultant or its Agents procure excess or umbrella coverage to maintain certain requirements outlined below, these policies shall also satisfy all specified endorsements and stipulations, including provisions that the Consultant’s insurance be primary without any right of contribution from the Authority.
