

Livermore Amador Valley
TRANSIT AUTHORITY

NOTICE OF INTENT TO AWARD CONTRACT

December 20, 2019

To Whom It May Concern:

**Re: Invitation for Bids – LAVTA Transit Signal Priority Upgrade and Expansion
Project #2019-04**

This letter documents that the Livermore Amador Valley Transit Authority intends to award its Project #2019-04, LAVTA Transit Signal Priority Upgrade and Expansion to DC Electric Group, Inc. This bid of \$455,760.00 was determined to be the lowest in price of those bids received by the bid opening date and time that were determined to be both responsible and responsive to the factors set forth in the IFB. The apparent low bid was determined to be non-responsive since the bid forms did not acknowledge the Addendum #1 issued on November 18, 2019. The award date is set for January 6, 2020.

We thank all bidders for the time and efforts involved in their bid preparation, and appreciate their interest in doing business with the Livermore Amador Valley Transit Authority.

Sincerely,

/s/ *Tamara Edwards*
