4. Minutes of the March 28, 2022 Meeting of the P&S Committee.

Approved: Borwn/Bonanno

Aye: Brown, Josey, Bonanno

No: None

Abstain: None

Absent: Haubert

5. Service Recovery Process

[David Haubert, from County of Alameda, arrived during Service Recovery Process.]

Staff provided the background on when service was reduced and an overview of the process that is used to restore LAVTAs service to pre-pandemic levels. It was noted that service restoration is dependent on driver recruitment. In June 2022 LAVTA is looking at re-implementing two trips daily on Route 20X between the BART Station and Lawrence Livermore National Laboratory and about one-third of the Route 70X. The next step would be increasing the Rapid Routes to 15-minute frequency during peak hours to connect better with BART.

The Projects and Services Committee discussed this agenda item with staff. Committee Member Gina Bonanno inquired what type of feedback LAVTA has received on Route reductions. Staff responded that LAVTA received the most responses regarding express routes, specifically Routes 20X and 70X. Staff also informed about the public input process that was conducted when service was reduced. Staff is unsure if LAVTA will come back to pre-pandemic levels 100%.

This was information only.

6. Executive Director's Report

Interim Executive Director Tamara Edwards reported that ridership is increasing and is at about 50% of pre-pandemic levels. Interim Executive Director Tamara Edwards also highlighted an update on the Paratransit Request for Proposal (RFP), LAVTA's Administration Office landscaping project, masking being optional for passengers, the Governor proposing 3-months of free transit, and the Dublin parking garage project.

The Projects and Services Committee discussed this agenda item with staff.

7. Preview of Upcoming P&S Committee Agenda Items

8. Matters Initiated by Committee Members

None.

9. Next Meeting Date is Scheduled for: May 23, 2022

10. Adjourn

Meeting adjourned at 4:38pm.
