

INTERIM EXECUTIVE DIRECTOR'S REPORT

September 2022

Ridership

Through the first three weeks of September, average weekday ridership was approximately 4,500, which is just over 30 percent higher than a year ago. The triple digit temperatures during the week of Labor likely impacted our numbers a bit. The biggest service related incident of the month was the unanticipated change to our service to Dublin High School during that week. On Tuesday, the electricity at the school went out and we were asked to move up our departures for our afternoon trips by about four hours. DUSD also decided to have early dismissals the remainder of the week, which resulted in our scrambling to find 12 bus operators to provide that service each day. Kudos to our Operations team for pulling that off.

SAV

The SAV has an item on the agenda that will update the Board on the status of this project.

Parking Garage

This week the Alameda County Board of Supervisors voted to extend the agreement between the County and LAVTA until March 2025 this will allow the County to direct their contractor to begin working on the project.
