7. Wheels in Motion

Staff gave a presentation on the Wheels in Motion study for the Wheels fixed route bus system, and presented three service level scenarios. Members are encouraged to fill out an electronic survey, which is also available in paper copy format. The committee members gave their initial feedback on the three scenarios.

Beginning in September, staff will engage in a comprehensive public outreach effort that will include the distribution of an electronic survey to gauge our riders' preferences for each of the aforementioned scenarios. This feedback will then be used to design and finalize the preferred alternative, which will likely go into effect in February 2024.

8. Service Updates and Concerns

Staff followed up on the “old business” items, including the First and Neal bus stop in Pleasanton and Dial-A-Ride My Transit App

Staff updated the committee on recent LAVTA, MV Transit, CCCTA and Transdev staffing changes, and introduced the new staff members.
